CHINA WALL
Level 2.5 - Miles 5 - Elevation 800' - Host: Kent B.

These sandstone formations create a line of rocks up and down the hill that look like a miniature version of the Great Wall of China. The hike will mostly be in Diablo Foothills Regional Park. We start out at the Livorna Staging Area and take the Foothills trail to the Stonegate trail. We then take the Briones/Mt.Diablo trail into Mt. Diablo State Park to the China Wall where we will have the meeting. After the meeting we go back on the Briones/ Mt Diablo State Park trail and take the Alamo trail back to the cars.

Directions: From San Jose take hwy 680 north all the way to Alamo (just before Walnut Creek). Exit at Livorna Road and turn right. Proceed about 2 miles to the staging area on the left.

WINTER RETREAT - BOTHE-NAPA VALLEY STATE PARK
Friday (2:00pm Hike) - Level 1 - 2 Miles - Bale Grist Mill State Historic Park
Saturday - Level 2.5 - Miles: 5 - Elevation 800' - Hosts: Anna J, Kent B, Susan D
***Saturday night pot luck, bring your favorite dish to share.**

Located in the heart of the beautiful Napa Valley, the Park offers us group camping and hiking trails. Bothe-Napa SP trail takes us through stands of coastal redwoods as well as forests of Douglas-fir, tanoak, and madrone. Most of the park is rugged, with elevations ranging from 300 to 2,000 feet. Plant life hides much of the park's geology, which is principally volcanic, but you will see a reminder of the area's violent geologic past in the volcanic ash cliffs of upper Ritchey Canyon on our hike Saturday. Our trek through Ritchey Canyon on the Redwood Trail leads to views of Mt Saint Helena off in the distance.

Directions: From San Jose: Take I280 north to I680. Take I780 north to I80 east. Next you will head west on Highway 37 then north on Highway 29 to the park entrance on your right. It is poorly marked so stay alert. It will be a mile or two past the "Historic" sign. If you reach Calistoga, you've gone too far!!!

We will be at the group campsite which is a quarter of a mile straight past the park entrance – follow the signs. The site is located near Highway 29 and although you may hear traffic some of the time it is secluded and will allow us to have our meetings in privacy and curfews will not be in force as it was at Lassen.

Note: To reserve a spot for camping, please contact Anna J. Her number is on the back of this flier.

PINNACLES – (9AM HIKE)
Level 4 - Miles 7.3 - Elevation 1900' - Host: Tom D.

Pinnacles has dramatic rock formations, caves, wildflowers, and bits of California history. The caves were formed by rocks falling into the canyons, not your usual underground erosion by water. Not surprising, since Pinnacles is near the San Andreas Fault.

Directions: Take 101 South, Exit on Hwy 25, then go through the town of Hollister. Follow the signs carefully because in Hollister Hwy 25 turns left and then right. After you leave town, stay on Hwy 25 until you get to Hwy 146, which takes you to the park.

Pinnacles has two entrances, one on each end of the park. Use the directions above to find the East Entrance and the Chalone parking lot.
REMEMBER this hike starts at 9AM.
